

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings of claims in the application:

**Listing of Claims:**

1. (currently amended) A substantially non-aqueous liquid shampoo composition comprising at least one detergent, at least one azole antifungal agent, an organic bulking agent selected from the group consisting of polyethylene glycol of a molecular weight of 200-800 and propylene glycol, and shampoo excipients, said organic bulking agent being miscible with water and miscible with said at least one detergent wherein the water content is less than 20% by weight of said composition.
2. (original) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is present in amounts greater than 20% by weight of said composition.
3. (original) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is present in amounts greater than 50% by weight of said composition.
4. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1 wherein said organic bulking agent is selected so as not to affect foam formation of said composition.
5. (canceled)
6. (canceled)
7. (canceled)
8. (canceled)

9. (currently amended) A substantially non-aqueous liquid shampoo composition as claimed in claim 1[[9]] wherein the at least one azole antifungal agent, is selected from the group consisting of clotrimazole and ketoconazole.

10. (previously presented) A method of topically treating a dermal infection or condition comprising the step of applying a substantially non-aqueous liquid shampoo composition as claimed in claim 1 to the skin or hair of a patient in need of such treatment.

11. (canceled)

12. (canceled)

13. (currently amended) A method of topically treating a dermal infection or condition as claimed in claim [[21]] 10 wherein the azole antifungal agent is selected from the group consisting of clotrimazole and ketoconazole.

14. (currently amended) A substantially non-aqueous liquid shampoo composition as claimed in claim [[6]] 1, wherein said polyethylene glycol is PEG 400.

15. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1, wherein the water content is less than 15% by weight of said composition.

16. (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1, wherein said at least one detergent is selected from the group consisting of an alkyl sulphate, an alkyl ether sulphate, and a sulphosuccinate.

17. (canceled)

18. (canceled)

19. (currently amended) A substantially non-aqueous liquid shampoo composition as claimed in claim 1, wherein the azole antifungal agent is an imidazole.

**20.** (previously presented) A substantially non-aqueous liquid shampoo composition as claimed in claim 1, further comprising a foam booster.

**21.** (canceled)

**22.** (currently amended) A method of topically treating a dermal infection or condition as claimed in claim 10, wherein said azole antifungal agent is an imidazole.
